

Approved for NDIS Support - Pre-planning Checklist

Steps	Actions	
1	When your Access Request Form is approved, and you are now an NDIS Participant, it's time to think about pre-planning ; which is the planning you do before you have your NDIS Planning conversation/meeting.	
2	Start here by downloading a copy of <u>NDIS Booklet 2: Planning</u>	
3	To prepare for your first NDIS planning conversation, start thinking about what your goals for the future are and what support(s) you might need to help you pursue them. Read more about goals on page 13 .	
4	To read about payment options when using your Plan funding refer to pages 16 and 17 .	
5	A list of what to bring to your Planning conversation is on page 18 .
